Incorporated: 1827

Origin: Although first settled in 1719, Derry was not incorporated until 1827. For over 100 years it was part of Londonderry, which also included all of Windham and portions of Manchester, Salem, and Hudson. The town was named for the Isle of Derry, Ireland, the Gaelic word Doire meaning "oak woods." Derry is the location of poet Robert Frost's homestead, which is listed on the National Register of Historic Sites, and the birthplace of both General John Stark and astronaut Alan Shepard. Two of the oldest private schools in America were founded here as well, Pinkerton Academy, founded in 1814 and still in operation, and the Adams Female Seminary.

Villages and Place Names: Chases Grove, Collettes Grove, Derry Village, East Derry, Howards Grove

Population, Year of the First Census Taken: 2,176 residents in 1830

Population Trends: Derry had the second largest numeric population change, totaling 26,122 over 50 years, from 6,987 in 1960 to 33,109 in 2010.

The largest decennial percent change was 68 percent between 1960 and 1970, followed by decennial increases of 61 percent and 58 percent. The 2010 Census estimate for Derry was 33,109 residents, which ranked fourth among New Hampshire's incorporated cities and towns.

Population Density and Land Area, 2010 (US Census Bureau): 929.8 persons per square mile of land area, the tenth highest among the cities and towns. Derry contains 35.6 square miles of land area and 0.9 square miles of inland water area.
